Policy Summary

This policy describes how Langs will welcome people with disabilities who are accompanied with guide dogs or other service animals.

Purpose

This policy describes how people with disabilities and their service animals will be treated on Langs' premises.

Policy Statement

Langs is committed to allowing full access to our services and premises to people with disabilities and their service animals wherever possible. We will do this by:

- allowing full access to our premises, unless that area of the organization is not open to the public or other third parties or animals are excluded by other laws such as public health;
- educating staff, volunteers, students and others dealing with the public about the use of service animals;
- providing training to staff, volunteers, students and others dealing with the public on how to interact appropriately with people with disabilities who are accompanied by a service animal;
- assisting people with disabilities who are accompanied by a service animal when they request help with their animal if it is safe and reasonable to do so;
- ensuring health regulations concerning service animals are posted in any area where food is prepared and served; and
- providing other measures to access our services for people with disabilities if their service animal is excluded by law from certain areas of our premises.

Definitions

Guide Dog – is a dog that has successfully completed the training program at any of the facilities listed in the Blind Person's Rights Act and has been qualified as a guide dog.

Premises – All locations and facilities under the control of Langs.

Service Animal - May also be called “assistance animal”, “assist animal”, “support animal” or “helper animal”. An animal is qualified to be a service animal if:

- it is readily apparent that the animal is used by the person for reasons relating to his/her disability;
or
- the person provides a letter from a medical practitioner confirming the person requires the animal for reasons relating to the disability.

Limitations
