and programs that give parents a break – but also for how they connect people together.

**MISSION**
Every person in our neighbourhoods will have a place to call home for health, wellness and community support.

**VISION**
Changed lives, healthy communities

**VALUES**
Integrity  
Respect  
Accountability  
Collaboration  
Competence

---

**FROM THE CHAIR AND EXECUTIVE DIRECTOR**

Stephen Covey’s quote, “strength lies in difference, not in similarities,” resonates with our experience at Langs. In 2012/13, we were also fortunate to be able to diversify the range of programs, services, partnerships and staff across the organization.

We diversified staff by hiring a Physician Assistant for the North Dumfries Satellite funded by Health Force Ontario. We also hired a nurse to enhance the use of Ontario Telemedicine Services which enables us to increase access to specialized services through the use of technology. We recently recruited new staff for the North Dumfries CHC and opened the satellite five days a week as a result. This expansion would not have not have been possible without the support of the Waterloo-Wellington Local Health Integration Network.

Although we have grown considerably we haven’t forgotten about the importance of our community development work. Langs is now co-located with 25 community partners across 2 locations including dental services and two specialists. We were pleased to adopt Popcorn House, a neighbourhood organization in the Hespeler community. This outreach builds on more than twenty years of work undertaken by Chris and Dan Hayhoe along with many others. We were thrilled to launch the Healthy Beginnings Program this year that educates children about the prevention of chronic disease through the Organ Wise Guys Program and Foods of the Month.

Thanks to the generous support of the Lyle S. Hallman Foundation for investing in the social determinants of health.

The consultation undertaken to develop our strategic plan last year identified gaps in meeting the needs of the Lesbian, Gay, Bi-Sexual and Transgender and Queer (LGBTQ) community.

While we have been allies for the rainbow community, it was time to be much more intentional about this work. Therefore, our entire staff undertook training offered by Rainbow Health Ontario. Two days of training focused on the transgender community. We are now seen as a safe place for those who have been marginalized because of their differences.

We hosted a number of diverse events with a focus on the arts. We welcomed the Studio 30 Art Show, Connectivity in partnership with Cambridge Libraries and Galleries featuring the talented art work of students from Preston and St Benedict’s High Schools. We were honoured to be the Charity Partner for the Box 12 Art Show when they held their show for the first time in Cambridge.

Over 80 women also joined us for the inaugural Celebrating Women’s fundraising brunch to recognize the important contribution that women make each and every day.

We could not fulfill our mission without our funders including the Waterloo Wellington LHIN; the Ministry of Health and Long Term Care; the City of Cambridge; United Way of Cambridge and North and the Dumfries; the Cambridge and North Dumfries Community Foundation; Ministry of Children and Youth; and the RBC foundation. We welcomed the Ministry of Tourism, Culture and Sport as a funding partner this year and we are grateful for their support of three of our afterschool programs in the community.

We continue to be proud of the diversity of skills that our dedicated talented and hard working team at Langs offers the community. We recognized 19 staff this year who reached significant anniversary milestones. Our staff along with the broad range of skills that 200 volunteers at Langs contribute enables us to serve the needs of a diverse community. We are fortunate to welcome Derek Kidnie and Keith Little to our board this year.

Unfortunately we are saying goodbye to five outstanding board members who have completed their terms, Mark Godin, Anthony Brown, Graham John Jo-Ann Rickard and Dale Hart. Their contributions have been extraordinary and we want to express a special thanks to Mark Godin who served in a leadership role as Vice Chair, Chair and Past Chair for 6 years of his 9 year term. Mark’s enormous commitment to our work and his dedication to the organization will truly be missed but we know he’s not too far away.

Please take a moment to review the many other highlights in our Annual Report. In closing we leave you with this quote from one of our favorite authors Dr. Seuss who said, “Be who you are and say what you feel, because those who mind don’t matter and those who matter don’t mind.”

Theresa Wilhelm,  
Chairperson

Bill Davidson,  
Executive Director

A Community Health Centre (CHC) provides primary health care from a team of doctors, nurse practitioners, registered nurses, registered dietitians, social workers and community health workers. The multidisciplinary team ensures the patient gets the right care, at the right time, delivered by the most appropriate provider. The focus of a CHC is on health promotion, illness prevention, and community development. The Langs CHC serves the Preston community.

Township youth attended a Sun Safety presentation given by our Registered Nurse at “Farm Safety Day”

“There are ten million reasons why I think Langs is a good investment. It is more holistic than a doctor’s office – it has social workers and dietitians, and now for the first time, we have a blood lab in Ayr. It’s trying not only to make a person better but to keep a person from getting ill. Langs is very good at coordinating and working closely with community support services so that services aren’t duplicated.” Shirley, participant North Dumfries Satellite
In addition to the program areas on the following pages, the Community Services Team offers a variety of programs for adults and seniors and operates the Resource Centre. Leadership development and skill building is facilitated in a fun environment. Programs include a variety of activities such as exercise, cooking, crafts, games, and educational workshops on relevant topics.

5,822 Participants accessed the Resource Centre

196 Individuals accessed Free Income Tax Clinics at Langs

775 Individuals assisted with supports provided through the Community Outreach Program (e.g. bus tickets, food supports and links to recreation)

People attended the Multi-Cultural Tasting Event to celebrate the diverse cultures in the Langs Community. All of the food was planned and prepared by women in the community. This event was part of the Linguistically Diverse Project

Seniors attended the Cooks N’Books Program. It enabled seniors to learn new healthy cooking skills as well as engage children by reading to them

“Langs has helped me with amazing things – they helped my daughter go to camp, get her babysitting certificate and get a new bike.” Fiona, parent/participant

Social Work Services

Langs offers confidential counselling to individuals, couples and families wanting to improve their well-being. We recognize that you often have existing coping skills and ways of dealing with struggles, and we support you to recognize and develop those characteristics helpful to you.

27 Grade 7 and 8 students participated in a weekly Girls Group and Boys Group, to address issues of self-esteem and relationship problems with peers

10 Patients attended a group to support their management of depression/anxiety

8 Participants completed a weekly abuse issues group called Explore the Dark Places, co-facilitated with Sexual Assault Support Centre of Waterloo Region

“I truly believe that if it wasn’t for the care and compassion that I received at Langs that none of the positive changes that I have made in my life would have happened.”
Tim patient/participant/former youth

232 Different participants accessed counselling services

2012/2013 ANNUAL REPORT
Volunteering at Langs provides opportunities for community members to give back to their community while developing leadership skills and gaining hands-on work experience.

**3** Langs Youth and Teen Staff have been operating programs at Popcorn House since September 2012. Three drop in programs offered weekly

**20** Youth attend daily afterschool programming funded through the Ministry of Tourism, Culture and Sport. PA Day programs, Holiday Break and March Break, were also offered

**3** Adult programs including a quilting group, a knitting program and ESL class were operated by volunteers

Children, youth and parents attended the Popcorn House Christmas Open House

**65°**

**26** Volunteers participated in training

**22** Volunteers completed goal setting forms

**7** Volunteers nominated for awards in the community

**42** students from **12** different educational institutions completed their placement with the organization

---

**YOUTH & TEEN CENTRE**

The Youth and Teen Centre is a welcoming and engaging environment that provides drop-in and structured programs for youth ages 5-18. The centre is also home for the 7th Inning Alternative Education Program for Grade 7 and 8 students.

**674** Youth participated in 9 different summer programs in 2012

**16** Participants graduated from the L.E.A.D program, implemented weekly at school

**6** Foods of the month were incorporated into Langs Healthy Beginnings Program funded by the Lyle S. Hallman Foundation

**81** Outcome evaluations were completed in 5 different programs. Youth reported feeling important, comfortable, happy, and safe at programs

**40** Youth attended afterschool programming, funded by the RBC Foundation, the Ministry of Tourism, Culture and Sport

“Langs is important to me because I’ve been coming here for a really long time and they were the first people to really help me. Being at Langs is a highlight of my day.”

**Austin, age 11, youth participant**
Langs is the sponsoring organization for the Diabetes Education Program Waterloo Region. The Community Diabetes Program provides diabetes education and treatment to people with type 2 diabetes in the Waterloo region. We strive to support adults with diabetes and their families by helping them make healthy lifestyle choices to control blood sugar and reduce the risk of problems associated with diabetes.

2,850 New individuals were served
8,000 Individual and group visits occurred
3 New outreach sites were adopted for a total of # of sites
269 Home Visits for frail, elderly patients and those with complications
Free Personal training sessions, exercise classes and pole walking sessions to participants
450 Participants attended the 10th Annual Cambridge Cardiac Care Heart Day with the theme of “Diabetes and Heart Disease”

500 Free foot assessments by a Chiropodist
That’s the equivalent of 10,000 toes assessed!

Did you know?
Langs offers Diabetes Education Classes in Portuguese as well as individual appointments with a dietitian in Punjabi, Hindi and Urdu languages.

Central Intake receives triages and directs referrals to diabetes education programs for Waterloo-Wellington to help ensure people are accessing the right care at the right place at the right time. It also monitors the wait-times for diabetes education programs, ensuring programs are meeting the standards. It is exploring opportunities to expand to other chronic diseases. The Waterloo Wellington Diabetes regional web-site is also maintained by this program. The mentoring program supports health care providers in enhancing their diabetes knowledge, skill and care in Waterloo-Wellington.

5400 Referrals
465 Referring physicians or health care providers
15 Organizations supported with mentoring
83 Certified Diabetes Educators in the region

Did you know?

Self-management is the active participation of individuals in achieving their best health and wellness. The Self-Management Program coordinates training and education services throughout the Waterloo-Wellington.

3 Other self-management programs were offered: Craving Change, Living with Stroke, and Living with Arthritis
18 Peer leaders trained
13 Master trainers recruited
174 Health care providers trained

SELF-MANAGEMENT PROGRAM

www.waterloowellingtondiabetes.ca

www.wwselfmanagement.ca

323 participants living with or at risk of chronic diseases attended the Take Charge Workshops
