

Langs is Gradually Reopening Our Doors

Langs continues to provide service-at-a-distance through virtual programs, telephone appointments, video conferences and deliveries. However, we miss you and the sense of community in our spaces. Langs has not re-opened all of our locations, but we will gradually bring back in-person programs, services and special events in compliance with provincial directives during COVID-19.

There are requirements that every visitor to our sites must follow:

- Everyone must be screened for COVID-19 to access a service in person.
- We ask that you wear a face covering such as a mask, bandana or scarf when visiting any of our facilities
- If you are unwell on the day of your appointment for any service, please call us in advance as you may not be able to attend your scheduled appointment/or on site program
